EASYCARE

Easy Care are the ideal low cost meat sheep for the modern farmer.

EasyCares have a high killing out %. The meat is of the highest quality, light in texture, fine grained, lean and tasty.

No shearing or crutching and low propensity for disease minimise veterinary and shepherding costs. They are hornless, extremely hardy and require little maintenance and seasonally shed their short kempy fleece.

Ease of lambing is a major feature of the breed. Lambing % will vary depending on the farm system and management. 140% on the hard hill and 200% plus on strong lowland farms is not unknown.

EasyCare Ewes milk well and are excellent mothers. Lambs are active and alert at birth and grow quickly in most conditions.

EasyCare Rams are virile, hardy with a long active lifespan and can cover a large number of ewes.

Average adult weight will vary across the breed with regional differences. Smaller hill types 75kg for Rams, 50kg for Ewes. Strong lowland types 85kg+ for Rams, 65kg+ for Ewes.

They are an incredibly flexible breed and will adapt to a huge range of conditions and farming systems. There **WILL BE** an EasyCare sheep to suit you.
